

# How does your holiday accrual work?

Queries and submissions to: [holidays@escaperecruitment.com](mailto:holidays@escaperecruitment.com)

ESCAPE

You will accrue holidays for every week that you work.

The monetary amount will show on your payslip each week so you will be able to keep track yourself.

You can choose to be paid for any planned time off if you have enough paid holidays in your holiday fund otherwise the time off will be unpaid.

Your holiday accrual fund also includes your public holiday allowance so if you take a bank holiday off, in order to be paid you will need to use your holiday fund.

If you come to the end of your contract and have money in your holiday accrual fund, this is released to you in your final wage.

If you have any further queries about your holiday accrual get in touch with your recruiter or email [holidays@escaperecruitment.com](mailto:holidays@escaperecruitment.com)
